Intent of this Class

Serve as a refresher or orientation depending on your experience

Discuss the highlights of several safety topics

Discuss Safety Requirements

Make each of you think about the jobs you may be doing unsafe

Use items discussed today to develop and/or enhance your safety programs

**How Many
of you?**

**Show of
Hands...**

Have a employee safety manual- Have read it?

Have an active safety committee?

Have a safety director?

Attended an OSHA 10 hour Class

Observed a co-worker doing an unsafe act and did something about it?
